Canadian Men and Masculinities: Historical and Contemporary Perspectives is a provocative new volume that examines men and masculinity across Canadian history and culture and sets it against the broader context of neoliberal globalization. This edited collection adopts a multi-perspective social inquiry and interdisciplinary approach and takes into careful consideration the intersections of the social and historical construction of gender with race, social class, sexuality, bodily abilities, and other social justice factors.

The chief aim of this book is to examine, from historical and contemporary perspectives, the production and performance of men, boys, and embodied masculinity within the Canadian context. Within this framework, *Canadian Men and Masculinities* explores a range of issues including modern fatherhood, black male athleticism, indigenous masculinities, wrestling, and body building.

This volume will be a valuable resource for general readers and professionals in sociology, history, education, and social and gender studies.

Christopher J. Greig
Dr. Christopher J. Greig is Associate Professor in the Faculty of Education at the University of Windsor.

Wayne J. Martino
Dr. Wayne J. Martino is Professor in the Faculty of Education at the University of Western Ontario.

Reviews

"I think that more books specific to Canadian men and masculinities are required and this represents an interesting and important addition to the market."
- Kate Fletcher, University of Ottawa

"I think this [will] be a valuable and useful addition to the field. In fact, given the topics covered, I think it can stand on its own and not just be considered a book for a Canadian audience."
- Marc Ouellette, Brock University

"I think this [will] be a valuable and useful addition to the field. In fact, given the topics covered, I think it can stand on its own and not just be considered a book for a Canadian audience."— *Marc Ouellette, Brock University*
